## Around The Glades

(By Paul Rardin)

Magistrate James L. Tyson, Jr., handled more than 3800 cases in his court at the Glades Office Building during the past year, records show. These cases ran all the way from minor traffic violations to preliminary hearings on felony charges. The State Legislature set up the court magistrate job as a part-time job. Today it seems that the law-makers should take a new look at the job before the 1965 legislature rolls around. It is anything but a part-time job and should be made into a full-time affair with salary to match.

Have you visited the State Farmers Market in Pahokee recently? Or ever? If you haven't you've missed a treat. There are a bunch of good fellows located at the Market. Some are vegetable brokers. Some are growers. Some are processors. All in all they are a fine group—adding to the economy of our area.

Leo Lynn Shirley is getting his new location for his Texaco plant in order. Trucks have been busy the past few days hauling in fill material to bring the location up to grade. The location is immediately north of Shirley Brothers red-mix plant in Pahokee on what is known as the "strip." The "strip" is owned by the U. S. Sugar Corporation and is farmed by A. R. Harrington. Recently the company sold two acres on the north to Manning Keen for a trailer park. Now comes Mr. Shirley and buys enough acreage to build his new Texaco plant.

The recently formed Auxiliary at Everglades Memorial Hospital is about ready for action. Notice is given this week that the new uniforms have arrived and are available to members. The new organization will be known as "The Pink Ladies." Their work will add materially to the welfare of those who must necessarily go to the hospital for treatment. Their service can be unmatched.

Leonard and Rethelle Dobrow have the sympathy of the community and certainly everyone is looking hopefully to the full recovery of Rethelle who suffered a cerebral hemorrhage several days ago and was on the critical list for some time. Mr. and Mrs. Dobrow own and operate Glades Bookkeeping Service in Pahokee.

Within the year the new Everglades Memorial Hospital will be opened in Pahokee. The present hospital will be vacated. If you have a good idea about what to do with the old building the members of the hospital board will be happy to hear from you. Outstanding bonds on the old hospital amount to more than \$75,000.00 and this indebtedness must be paid off from the revenue secured from sales of bonds in the new hospital set-up. What to do with the building after it is paid for is the 64 dollar question.

Mrs. Wiley Tillis is spending several days in Lakeland where she has entered Watson Clinic for a check-up.

## Heads The Ship Of State In Tallahassee

GOVERNOR HAYDON BURNS

Jacksonville's popular mayor took over the reigns of the governor's office in Tallahassee on Tuesday of this week after winning a decisive victory at the polls on November 3rd. He will serve for two years and go into another campaign in 1966 for a full four years term.

## Education Heads Program Of Florida's New Two-Year Governor, Haydon Burns

TALLAHASSEE — Illinois-born Haydon Burns became governor of Florida Tuesday with a pledge to make quality education the chief goal of his bottled two-year administration.

"If in the annals of history our administration can only be remembered for one contribution, then let it be said that we devoted our maximum experience, courage and labor toward helping Florida reach a peak of excellence in its entire education system," Burns said in his inaugural speech.

The 52-year-old former mayor of Jacksonville, who moved from Chicago to Louisville, Ky., when he was just 5 days old and then to Jacksonville, promised an immediate study of the trimester system of year-round operation of state universities which he is pledged to abandon.

He also pledged rapid construction of Interstate Highway 95 in South Florida, Interstate 75 in central Florida and Interstate 10 in north Florida, and said he will push the Cross-State Barge Canal and Inter-American Cultural Center in Miami.

He promised to bend every effort to bring new industry to Florida to boost the soaring economy and create new jobs.

Mr. and Mrs. R. J. Maxson returned to their home Sunday from Texas where they spent the holidays with their son and family, Mr. and Mrs. Edwin Maxson.

## Uniforms Arrive Hospital Auxiliary

Mrs. Earl Maxson, president of the Ladies Hospital Auxiliary, has been advised that the uniforms have arrived. She said for the members to please contact Mrs. Jesse Simonds to get them.

The prices are \$4.50 for the pinafores, blouses are \$3.15 and the smocks are \$4.15. Mrs. Simonds will be glad to have the members call her at any time to pick them up.

## Joe Tom Boynton Is Coastal Director

Joe T. Boynton, outstanding Florida businessman, has been elected a Director of Coastal States Life Insurance Company of Atlanta, Georgia. Mr. Boynton, who lives in Pahokee, was founder, President, and Board Chairman of Seminole American Life, which recently merged with Coastal States.

Mr. Boynton has long been a leader in a variety of business activities. He helped form the Bank of Belle Glade and is presently a member of the Bank's Board of Directors. He is also a farmer and rancher of many years standing. He is President and owner of Boynton Sugar Farms Company; President and owner of J. T. Boynton Farms, Inc.; Vice President and Director of Investments Associates, Inc.; and a Director of the Sugar Cane Growers Co-op of Florida. This \$20,000,000 plant ranks as the largest sugar cane mill in the United States, processing over 9,000 tons of sugar cane per day.

Mr. Boynton is an honor graduate of the University of Georgia where he majored in Agricultural Economics. During his college days, he alternated going to school and playing professional baseball for the West Palm Beach Indians. (Continued on page 6)

## Fulton Takes Over As School Supt.

Robert Fulton of Delray Beach became Superintendent of Schools in Palm Beach county on Tuesday night of this week when he was formally installed into that office. He succeeds John Martin, who had been appointed nearly two years ago when Howell Watkins resigned. Martin will be retained in an administrative job, Supt. Fulton said.

John Dunkle became clerk of the circuit court, succeeding Alex Arnette who retired after serving a quarter of a century in that job. Dunkle had been clerk of the criminal court of record and won the circuit court job last spring over a group of Democrats in the primary.

Marvin Mounts, Jr., took over as county solicitor, having won that race from a group of Democrat opponents in the spring primary. He had been serving by appointment since Joel Daves resigned after his election to the state legislature on Nov. 3.

Tax Assessor Edgar Maxwell and Tax Collector Stetson O. Sproul started, another term in their offices in the court-house.

E. F. Van Kessel and Edward Bandlow started their second terms on the county commission and E. W. Weaver started his first term on the board, succeeding Paul Rardin of Canal Point.

## Deadline Set For Federal Farm Aid

January 15 is the deadline for applications for governmental assistance for planned farm improvements, according to an announcement by Sam Schooley, office manager of the Agriculture Stabilization and Conservation Service. The government will pay 40 to 50 percent on various types of improvements that are approved by the county ASCS committee.

Federal aid during the past year for this type of work totaled \$80,000 in Palm Beach County. Applications for blanks may be picked up at the office of the Associate County Agent John H. Causey at the Glades Office Building or the ASCS office 531 N. Military Trail in West Palm Beach. Aid is given to either land owners or persons leasing acreage, who wish to make improvements on pastures, irrigation, ditches and any other farm improvements.

## Coast Line Gets 12.9 Miles Permit

WASHINGTON—The Interstate Commerce Commission has authorized the Atlantic Coast Line railroad to build 12.9 miles of line to serve two firms at Okelanta, Fla. The firms are South Florida Sugar Mill Co., and the A. Duda & Sons, a packing concern.

At the same time, the commission denied a competing application by the Florida East Coast Railway to build a 17-mile line to serve the same area.

## Observation Land Purchased By FCD

The Central and Southern Florida Flood Control District has bought a 216-acre Observation Island from Mr. and Mrs. James K. Brady for \$32,400. The island is visible from the Herbert Hoover Dike near Clewiston. The FCD is taking steps to purchase all the islands in the 730-square-mile lake since they will be flooded seasonally in the future.

## Vegetable Prices Low After Holiday

The usual lull is following the holidays in the vegetable marketing in this section of Florida. However, the demand for corn is exceeding the supply and the price is around \$3.00 to \$3.50 this week.

Beans are in short supply but that doesn't seem to boost the price very much. A small offering of Harvesters in Canal Point on Monday only brought \$3.25 per hamper. Peppers were in moderate supply and the price was \$3.00 to \$3.25.

The demand was moderate for celery this week and the price was \$2.25 to \$2.50, while Chinese cabbage in the Belle Glade area was bringing \$1.50.

There will also be a telephone booth for the convenience of the campers in cases of emergencies.

Although the area is technically outside the city limits, it is owned by the city of Belle Glade with the exception of an area around a boat dock that belongs to the Port of Palm Beach.

## Brush Fire Smoke 27 Traffic Hazard

A brush fire south of South Bay on U. S. 27 caused a traffic hazard due to the low-hanging clouds and smoke this week. The fire has burned from Sunday night through Wednesday in an area of more than 3800 acres just south of Flynn plantation.

The fire was located in a swampy area which created problems for the Everglades Fire Control District because the men were unable to go in and put the fire out until Wednesday morning.

## Tandem Trailers Barred Turnpike

Gov.-elect Haydon Burns Monday said he had instructed the newly appointed Turnpike Board to set aside any plans for use of the Turnpike by tandem-trailers.

Burns said that the Turnpike was conceived to serve the public of Florida and to bring tourists to the state and that he did not believe it was wise to add undue traffic hazards in the form of tandem trucks.

Burns said he wanted the Turnpike Authority, named by him earlier this week, to take an about-face on the policy of its predecessor board.

Earlier, the Seaboard Air Line and Atlantic Coastline Railroads through individuals filed injunctive actions in Leon County Circuit Court to stop the use of tandem trailers on the Turnpike from Wildwood to Miami.

Mr. and Mrs. Clarence Cubbage of Winter Park were the weekend guests of their son-in-law and daughter, Mr. and Mrs. Kenneth McIntosh.

# New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

*The Treasury explains why the new ones you buy and the ones  
you own now are better than ever*

**Q:** How does the new  $3\frac{3}{4}\%$  interest rate benefit me?

**A:** With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to  $2\frac{3}{4}\%$  for the first year and a half; then a guaranteed  $4\%$  each year to maturity.

**Q:** When did the new rate become effective?

**A:** June 1, 1959.

**Q:** Does the new rate change the Bonds I bought before June 1, 1959?

**A:** All older E and H Bonds pay more now—an extra  $\frac{1}{2}\%$  from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

**Q:** Will the Bonds I own automatically earn their new rate?

**A:** Yes. You don't need to do a thing—just hold on to your Bonds.

**Q:** When my E Bonds mature, will they keep on earning interest?

**A:** Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

**Q:** With the new interest rate, should I cash in my old Bonds and buy new ones?

**A:** No. The automatic  $\frac{1}{2}\%$  increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

**Q:** How are series H Bonds different from series E Bonds?

**A:** The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

**Q:** In what denominations can I buy series E and series H Bonds?

**A:** E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

**Q:** How safe are U.S. Savings Bonds?

**A:** Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

**Q:** What if my Bonds should be lost, stolen or destroyed?

**A:** You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

**Q:** Where can I buy Bonds?

**A:** Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

**Q:** How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

**A:** Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

## How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with

## Exceptional Amt. Foreign Missions

The Lottie Moon foreign mission offering emphasis taken during the month of December at the Canal Point Baptist Church had as a goal \$650.00. The church exceeded the goal for a total of \$716.00.

This money will be divided among the work in 56 countries where missionary work is carried on by Southern Baptists with 1,832 foreign missionaries. For the size of the church this was an exceptional amount to be given during the month of December.

The church was led in the emphasis by the WMU of which Mrs. R. T. Smith is president. A goodly portion of the offering came from young children of which the Sunbeam group age 4 thru 8 gave \$52 while at the same time the primary group age 6 thru 8 gave approximately \$31.00.

## Corn, Celery Acres Increased 1964

Sweet corn and celery acreages in the Glades have greatly increased during the year. The corn planting in the Glades area has increased to 13,750 acres as compared to 11,325 last year. This acreage is more than 60 per cent of the total acreage for the state which is 20,575 acres.
